INTRODUCTION

The Statistical Report of Kentucky Public Libraries, Fiscal Year 2012-2013 contains information taken from the Annual Report of Public Libraries. The statistical report is separated into seven sections:

- **A summary of library statistics for the most recent year, and comparisons with the three prior years.**
- **A series of charts listing the top counties in various per capita library measures.**
- **County by county library statistics in 91 categories. New items include:**
 - Database Expenditures – Item #16
 - Debt Service – Item #27
 - Income from Loans, Bond Issues, etc. – Item #29
 - Circulation of Electronic Materials – Item #72
 - Number of Adult Programs – Item #80
 - Adult Program Attendance – Item #81
- **A select group of statistics arranged in order of county population. Counties are also ranked in the selected statistics section.**
 - Circulation of Electronic Materials is included in the rankings this year, Item #72
 - Number of Adult Programs (Item #80) and Adult Program Attendance (Item #81) are also added to the report
- **A glossary of terms used.**
- **A special section of statistics including county ranks is offered again this year. Please check out these interesting ways to measure your library, on pages 72 to 83. A new statistic is found here:**
 - Electronic Materials Circulation, % of Total Circulation
- **A revised list of recommended links to web sites devoted to public library statistics is on page 84.**

Some county statistics and rankings do not reflect a complete year of operations in fiscal year 2012-2013:

- Owen County Public Library was closed for six weeks during their move to a new facility.
- Pendleton County Public Library – was closed nine weeks for a move to their new building.

Harlan County Public Library did not submit their annual report. The 2013 population total in the statistical report does not include Harlan County. Per Capita calculations also do not include Harlan's population.
