

# TEEN SUMMER LEARNING 2022

Register and log your reading and activities at [www.henrylibrary.beanstack.org/reader365](http://www.henrylibrary.beanstack.org/reader365). Scan the QR code to go directly to the Beanstack site. If you do not have access to the internet, you can use this log to keep track of your reading. Just make sure you fill out the registration form on the back of this sheet. Turn your log in to the library when it is finished and library staff will help you enter your reading online.

Mark off a circle for every 20 minutes spent reading. You can read anything you would like such as books, magazines, newspapers, etc. Every three hours spent reading equals a badge and an entry into the grand prize drawing for a \$100 gift card to be spent anywhere or a Kindle Fire Tablet. Your Bronze Reader, Gold Reader, and Reading Champion badges also earn special prizes.

Earn prizes and extra drawing entries by completing activities to earn the three activity badges. Prizes can be picked up at the library.

**YOU'VE EARNED YOUR READING CHAMPION BADGE AND A LIBRARY TUMBLER!**

## ACTIVITY BADGES

Complete three of the five suggested activities to earn each badge, extra drawing entries, and a prize.

### GOURMET GURU:

\_\_\_ Check out a cookbook from the library or find a cookbook at home and choose a recipe to try. Make a grocery list, shop for your ingredients, and cook or bake something wonderful.

\_\_\_ Create a piece of edible artwork. You could use fresh fruits and vegetables, a variety of chips, or sculpt with edible materials.

\_\_\_ Read a book about food. You could read a chef's biography, a cookbook, a book about growing food. . . there are many possibilities.

\_\_\_ Donate to the "Fill the Bookmobile with Food" drive. Donated food will be given to Family Resource and Youth Service Centers to be used in their backpack and food pantry programs.

\_\_\_ Write a review of your favorite local restaurant. Share your review on social media or with the library.

### WELLNESS WARRIOR:

\_\_\_ Take a walk outside. You can walk around your yard or explore a park. Use your five senses (sight, smell, hearing, touch, and taste) to write a short essay describing your walk. You can also sketch or paint a picture.

\_\_\_ Read a book about ways to stay healthy. The book could be about physical health or mental wellness.

\_\_\_ Look up some healthy snacks that you can make at home. Show your friends and family some kindness by sharing.

\_\_\_ Make yourself a Calm Box. Include things that make you happy, like your favorite quotes, or things you can use to calm down when your emotions feel big, like a stress ball or fidget.

\_\_\_ For one week, set aside time every day to be screen free. Spend that time doing other things that you enjoy like playing outside, reading a good book, or drawing.

### FULL S.T.E.A.M. AHEAD:

\_\_\_ Attend any library program based on a S.T.E.A.M. concept and complete a project or experiment.

\_\_\_ Read a book about arts & crafts and choose a project to try.

\_\_\_ Read a biography about someone who works in a S.T.E.A.M. field.

\_\_\_ Board, card, and video games help players practice the skills needed in S.T.E.A.M. careers, skills like creative thinking and logical reasoning. Host a game night for your friends and family.

\_\_\_ Check out a book with science experiments or other S.T.E.M. projects at the library and complete one of the activities inside. Take a photo, create a video, or write a short essay (just a paragraph or two) about your project.

### THIS LOG BELONGS TO:

Name \_\_\_\_\_

Age \_\_\_\_\_ Grade \_\_\_\_\_

Phone # \_\_\_\_\_ Zip Code \_\_\_\_\_

School Attended \_\_\_\_\_

Did you participate in Summer Learning 2021? \_\_\_ Yes \_\_\_ No
