INTRODUCTION

The Statistical Report of Kentucky Public Libraries, Fiscal Year 2008-2009 contains information taken from the Annual Report of Public Libraries. The statistical report is separated into nine sections:

- A summary of library statistics for the most recent year, and comparisons with the three prior years.
- A series of charts listing the top counties in various per capita library measures.
- County by county library statistics in 77 categories.
- A select group of statistics arranged in order of county population. Counties are also ranked in the selected statistics section.
- A glossary of terms used.
- **New Library Comparisons – Public Library Attendance vs. Fancy Farm’s Picnic Turnout, Toyota’s Georgetown Plant Size vs. Library Square Footage, Public School vs. Public Library Costs, Sports Attendance vs. Library Attendance, and more. See pages 60-63.**
- A special section of statistics including county ranks is offered again this year. Please check out these interesting ways to measure your library, on pages 64 to 75.
- A revised list of recommended links to web sites devoted to public library statistics is on page 76.
- **A new series of graphs illustrating trends in Kentucky public libraries begins on page 77.**

Note that the Carter County Library District was newly established near the end of the fiscal year. Their statistics and rankings do not reflect a complete year of operations.

Web Links to Public Library Statistics and Resources

Kentucky Department for Libraries and Archives “Public Library Statistics” -- <http://kdla.ky.gov/libsupport/statistics.htm>

This section of the KDLA web site contains links to the Statistical Report of Kentucky Public Libraries, library comparisons, and other library statistics pages.

Informata Connect -- <http://connect.informata.com>

Connect is a powerful, easy to use online statistical tool for creating tables and graphs comparing libraries throughout the country. Connect is licensed to all Kentucky public libraries, their staff and trustees. You will need a login and password to use the program.

Kentucky State Data Center -- <http://ksdc.louisville.edu/>

This site is an essential resource for demographic information about Kentucky and its counties.

American Library Association, Office for Research and Statistics -- <http://www.ala.org/Template.cfm?Section=ors#>

This offers a wide range of information and links to studies of all types of libraries.

Library Research Service -- <http://www.lrs.org/>

“The Library Research Service generates library statistics and research for library and education professionals, public officials, and the media. LRS reports and analyzes statistics on school, public, and academic libraries, and conducts studies on major library issues that are reported in the Fast Facts and Closer Look series.” This is a highly recommended site with local, national and states’ resources.

Institute of Museum and Library Services – Library Statistics -- <http://harvester.census.gov/imls/>

Beginning in 2008 the Institute of Museum and Library Services (IMLS) administers two library surveys previously conducted by the National Center for Education Statistics (NCES). The Kentucky Department for Libraries and Archives provides input for both the Public Library Survey and the State Library Agency Survey.
