

Electronic Collections [databases] do not have a circulation period, and may be retained by the patron. Remote access to the collection may or may not require authentication. Unit records may or may not be included in the library's catalog; the library may or may not select individual titles.

Include electronic collections [databases] that are available online or are locally hosted in the library.

Note: The data or records are usually collected with a particular intent and relate to a defined topic.

Report the number of electronic collections [databases] acquired through curation, payment or formal agreement, by source of access:

- Item #K7a Local/Other cooperative agreements
- Item #K7b (State government or state library)
- Item #K7 Total Electronic Collections [databases].

This is the sum of Local/Other cooperative agreements, and State Electronic Collections [databases] (Item #K7a and #K7b).

**Circulation (L1 - L54)**

Count as circulation material that is charged out for use outside the library. Include renewals and interlibrary loan transactions that are borrowed for users.

Computer use is not circulation. Neither is in-house use or items checked out to another library. An item checked out counts as one item, no matter how many uses are subsequently made of that one item.

### Self-Directed Activities (Passive Programs) (P1 - P8)

A Self-directed Activity is a planned, independent activity available for a definite time period which introduces participating individuals to any of the broad range of library services or activities which directly provide information to participants. Activities differ from programs in that activities are unstructured and depend on the participation of the attendee to create the experience, rather than a structured presentation offered by librarian to a group at a set time.

Examples of these types of passive activities include DIY stations, craft/activity bags, make and take activity kits, and *Do Science at Home STEAM Kits*.

This does not include informal services such as homework help.

Count all activities, whether held on- or off-site, that are sponsored or co-sponsored by the library. Exclude activities sponsored by other groups that use library facilities.

Self-directed activities may also have a program component that would be reported in Section O of the report. For example, a program about crafts (report in Section O) may involve constructing objects (report in Section P)
